

# Please Join Us for a Benefit to Show Support for Jimmy Romano of Streamwood

**Jimmy Romano, 21 was diagnosed in November of 2008 with Hodgkin's Lymphoma.**

**Born and raised in Streamwood, Illinois, Jimmy is currently a sophomore at Judson University and alumni of Streamwood High School. He is on the soccer team at Judson University and played for Streamwood High School throughout his high schools years. Although he is currently undergoing treatment Jimmy is on the Green and White team in the MSL and continues to be active with the club although unable to play.**
